Lily Organics Organic Rose Toner wins Best Toner Award

Brighton, CO – Lily Organics Organic Rose Facial Toner has recently been awarded Best Toner by Delicious Living Magazine, in their 2011 Beauty & Body Awards. Consisting of only purified water, organic rose bud tincture, kosher vegetable glycerin and pure essential oil of rose, this all-natural toner is appropriate for all skin types. The Organic Rose Toner works to keep skin hydrated, moist and supple to prevent lines and dryness all day. It was developed to condition and regenerate aging skin.

Not only is Lily Organics Organic Rose Toner an all-natural solution, it is also the best in its class according to Delicious Living Magazine. They wrote, "This clean toner uses only four ingredients, smells great, and is refreshing, too." You can purchase the Organic Rose Toner, as well as the current issue of Delicious Living Magazine which contains the award winners, at Vitamin Cottage.

Lily Organics customer Corinne says, "I really love the Organic Rose Facial Toner. I have kept it in the fridge and like the splash of coolness and refreshment in the afternoon when I need a pick me up!"

Lily Organics has long been setting the standards for quality organic skin care. Since 1986, nearly 25 years ago, the company has been handcrafting products and selling them to Vitamin Cottage and Wild Oats, and, for the last ten years, Whole Foods. Products are also available online at www.lilyorganics.com. There is no more confusion for the consumer on which products are organic, and which products are not.
